

Dear Netizens,

29.07.2021

Greetings from the Cyber Society of India (CySI)!

We are glad to invite you to a webinar

“Engaging Men in Prevention of Sexual Assault”.

CySI has come out with the Programme cited above, primarily for Men (while ladies are also welcome).

There is no question of whether a Man is Good or Bad. Mostly the situations & Circumstances are triggering factors to cause men to commit Sexual Assault.

Sexual assault is one of the social problems for which the onus is invariably shifted on the female (which is not fair).

To effectively reduce the instances of sexual assault, it is essential that men should be more engaged in the prevention process.

“Stop Sexual Assault” Slogan in the invitation is not only meant for the perpetrator but also to the Bystanders. This is similar to the following situation.

There is no doubt that the Driver has the onus of stopping the vehicle on the sight of a red traffic stop signal, but it will not take away the responsibility

of persons travelling in the vehicle from cautioning the driver to stop the vehicle.

We look forward to the participation of more men in the programme, and attendees will be issued with participation certificates.

Participation of more Men will give greater confidence to women that the men have taken the responsibility of preventing Men’s violence against Women.

Cyber Society of India (CySi) hopes that all of you are safe and ensure adequate safety measures to protect yourself and your family from this Pandemic situation.

We suggest the V2SMS strategy. (Vaccination 2 Doses- S-Sanitizer, M - Masks and S- Social Distancing) as the best defense mechanism to all our Netizens.

Join Zoom Meeting

Date: 7th August 2021 (Saturday) & Time: 11 A.M - 1 P.M IST

Platform: Zoom Webinar,
