

Speech by A.SELVARAJ, Election Officer, CySI Election -2023

23.07.2023 – Sunday at Dr.MGR Janaki College, Chennai-28

Ladies and gentlemen, esteemed members of the Cyber Society of India and other fellow citizens,

Good morning and thank you for joining us today as I announce the results of the Cyber Society's election. This has been a momentous occasion, and I am honoured to stand before you as the election officer to share the outcome of this important democratic process.

Firstly, I would like to thank the Outgoing EC Members, who nominated me as the 10th Election officer for electing the office Bearers and EC Members of the Cyber Society of India for the financial years 2023 to 2025.

In the spirit of transparency and accountability, I would like to brief you all about the election process undertaken:

In pursuance of Secretary's letter dated 24.06.23, communicated through email on 25.06.2023, informing me that I had been nominated as the Election officer for conducting the CYSI Election 2023-25 (vide CYSI ECM MOM Dated 20.06.2023), I took charge of conducting the Election on the same day i.e., on 25.06.2023.

After examining the related documents & discussing with the members concerned, I prepared the CySI ELECTION 2023-25 Notification. The Secretary then circulated the Election Notification with Contestant Nomination Form -1 & seconding of Contestant Nomination Form -2 to all the Life Members of CySI eligible to vote.

I have adopted in line with the bye laws of CySI, and there were no queries from the CySI Life members. I received 14 nominations in Form -1 from the concerned members and each of the nominations was seconded by two life members in Form -2.

All the positions, for which nominations were called for, were responded. All the nominations received through emails were in order. There was no withdrawal. As the nominations filed were not more than the nominations for number of positions declared and called for, I concluded that the contestants have been elected unanimously. I arranged to publish the final contestants on 17.07.2023 and today, the 23rd July, 2023, I am declaring the following contestants as elected unopposed for the posts mentioned against their names, for the Executive Committee of CySI for the period 2023-25.

... (2)

Now, without further ado, let me present the results of the Cyber Society's election:

The following Life Members have been unanimously elected to the respective posts as 'Office Bearers & Members of Executive Committee', for the period of 2023-2025.
