Subject: Reflections on the CySI Election Process (2025–2027)

Respected Sir,

I wish to place on record my sincere appreciation for being entrusted with the responsibility of serving as the Election Officer for the CySI elections for the 2025–2027 term.

Upon assuming charge, I was provided with the Bye-Laws and all supporting documents including minutes of the ECM, AGM, EAGM, and records of various events. I was truly impressed by the transparent and organized functioning of the Executive Committee. Initially, I had some apprehensions due to concerns raised by a few members, and I was unsure about how smoothly the election could be conducted.

However, to my pleasant surprise, the entire process went off without any withdrawals or contest. All 14 nominations were elected unanimously. This reflects the collective spirit and commitment of the members to serve the Society selflessly, setting aside personal differences for the larger cause.

Despite financial limitations, CySI continues to function with remarkable integrity, accountability, and without any hidden agenda. I also came to know that although elections have consistently been conducted in line with the Bye-Laws, the outcomes have always been unanimous—an extraordinary record over the past two decades.

I am enclosing herewith the **Election Results of the Executive Committee Members of CySI for the term 2025–2027** for your kind reference and records.

I congratulate all the newly elected office bearers and EC members, and express my appreciation to all members who supported this unanimous election process. CySI remains a shining example of how a non-profit organization can function with unity, purpose, and transparency.

With warm regards,

Yours sincerely,

Dr. T. S. Dharmalingam

Election Officer – CySI
